General Comments

There is work in the field today by ABF and CCC, but no inspection by me on this Sunday.

Included in today's work, ironworkers are removing the load transfer access platforms under the suspender brackets. This work is inspected by others.

INSPECTOR OT REMARK:

Office 4 hours: I am at work in the office working on A354 Grade BD issues. I work on the following issues:

>Work with METS on the document packages summarizing the history of the different A354 Grade BD locations.

>Adjust the tabulation of spare A354 Grade BD material to separate it into pieces we do not need now and pieces we intend to purchase for currently planned tests.

>Update the status of the A354 Grade BD test program.

>Provide comments to METS and DJV on the A354 Grade BD test program.
